

OUR PIGMENT RANGE

We provide bespoke products for printing, dyeing, and finishing aimed at technical textiles, fashion, apparel, and furnishings. These technical performance compounds include decorative effects, flame retardants, waxes, handle modifications, water repellents etc. Our pigment dispersions are miscible with most water-based or emulsion print pastes with ionic compatibility. We also produce cationic, anionic and acrylic pigment dispersions.

DISPERSION RED 57:1 Cl. Pigment Red 57:1		YELLOW 10G Cl. Pigment Yellow 3	
PP RED RKB-N Cl. Pigment Red 146		PP YELLOW 5GB Cl. Pigment Yellow 74	
PIGMENT RED GC Cl. Pigment Red 2		PP YELLOW GG Cl. Pigment Yellow 13	
PP RED RBN Cl. Pigment Red 170		PP GREEN RG Cl. Pigment Green 7	
PP RED RGR Cl. Pigment Red 112		PP BLUE 4G Cl. Pigment Blue 15:3	
RED BROWN RM Cl. Pigment Red 130		PP BLUE RV Cl. Mixture / Ultramarine	
DISPERSION RED WB Cl. Pigment Red 101		PP BLUE C2B Cl. Pigment Blue 15:0	
TRANS RED 704 Cl. Pigment Red 101		PP BLUE M Cl. Mixture	
PP ORANGE RL Cl. Pigment Orange 34		PP VIOLET RBT Cl. Pigment Violet 23	
PP ORANGE RG Cl. Pigment Orange 13		PP BROWN RWT Cl. Mixture	
PP YELLOW RYO Cl. Pigment Yellow 42		PP BLACK RG Cl. Pigment Black 7	
PP YELLOW RK Cl. Pigment Yellow 83		PP FUCHSIA B Cl. Pigment Red 122	
PP YELLOW R2G Cl. Pigment Yellow 17		PP WHITE 1611 Cl. Pigment White 6	

COLOUR MATCHING SERVICE

Whilst our standard range of pigments should meet most end uses, where necessary we can provide products and services to meet your particular requirements, including our colour matching service, technical expertise and toll manufacture

OTHER PRODUCTS & SERVICES

Ralken Colours also produce aqueous based products for a wide range of end uses:

PAINT

Colouration systems produced for aqueous based emulsion paint and artist craft colours.

PAPER

Anionic, Non-ionic, and Cationic pigment and resin dispersions for use in paper manufacture.

WOOD

Pigments used for timber treatments including fencing, wood chip and mulch.

LATEX

Pigments used for balloons, latex sheeting and pre-formed moulds.

GROUT AND SEALANTS

Pigments which are specifically designed for the colouration of sealants and grout.

COMPOUNDS & COATINGS

We can also produce compounds to meet customer specifications via Toll Manufacture.

VAT LIQUIDS

Ultimate performance dyes for textiles, active apparel, workwear, and home furnishings.

ADHESIVES

A range of high quality water-based adhesives for flock, glitter, foil, etc.
